THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 98-590-C - ORDER NO. 1999-677
SEPTEMBER 27, 1999

IN RE: Application of Network Telephone Corporation for a Certificate of Public Convenience and Necessity to Provide Resold Local Exchange and Interexchange Telecommunications Services within the State of South Carolina.) ORDER AMENDING) CERTIFICATE TO) REFLECT AUTHORITY) TO PROVIDE) FACILITIES-BASED) SERVICES
--	---

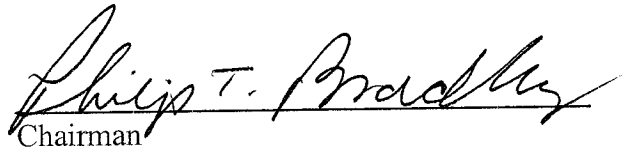

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the request of Network Telephone Corporation (“Network” or “Company”) for a modification to Order No. 1999-225, issued March 29, 1999. Order No. 1999-225 granted Network a Certificate of Public Convenience and Necessity to provide both local and interexchange services on a resold or non-facilities basis. Network now comes before the Commission asking that Order No. 1999-225 be modified to authorize Network to provide facilities-based local and interexchange telecommunications services, as well as the resold or non-facilities based services previously authorized.

Upon examination of this matter, the Commission concludes that the request should be granted. Network established in the hearing on this case that it was fit, willing, and able to provide the services proposed. On further review, we believe, and so find, that the Network is fit, willing, and able to provide facilities-based services as well. Order No. 1999-225 is hereby modified to authorize Network to provide facilities-based local and

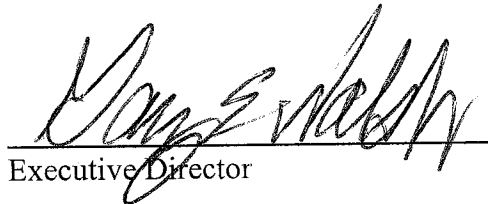

interexchange telecommunications services, as well as the resold or non-facilities based services previously authorized.

This Order shall remain in full force and effect until further Order of the Commission.
